

Randomized Safety Inspections and Risk Exposure on the Job:
Quasi-experimental Estimates of the Value of a Statistical Life

January 31, 2019

Joint Statement from Lee and Taylor

1. Any opinions and conclusions expressed herein are those of the authors and do not necessarily represent the views of the U.S. Census Bureau. The data used in this research is proprietary, and the US Census Bureau has the right to review its contents prior to publication to ensure that no personally identifiable confidential information is released to the public.
2. IRB approval was not obtained for this project because the authors were not personally collecting data on human subjects, and the data is safeguarded by the US Census.

Individual Statement Lee

Jonathan Lee has no relevant or material financial interests that relate to the research described in this paper.

Individual Statement Taylor

Laura Taylor has no relevant or material financial interests that relate to the research described in this paper.
