

Disclosure for Adrianna McIntyre
For “Can Automatic Retention Improve Health Insurance Market Outcomes?”

1. Sources of financial support for the research

This research was supported by funding from the Harvard Lab for Economic Applications and Policy, Harvard Kennedy School's Rappaport Institute for Public Policy, and Harvard's Milton Fund

2. Potentially relevant professional and financial relationships in the past 3 years:

Harvard Graduate School of Arts and Sciences, Harvard T.H. Chan School of Public Health, Harvard Medical School -- salary via dissertation completion fellowship (GSAS), teaching fellowships (HSPH, HMS) and research assistant positions (HMS)

3. Paid or unpaid positions of relevant entities.

None

4. Spousal or family-related COIs

None

5. Each author must disclose if another party had the right to review the paper prior to its circulation.

The Massachusetts Health Connector (the data provider) had a right to review the manuscript before circulation to ensure compliance with restricted data privacy rules. The Health Connector did not have right to editorial control over any aspects of the paper, except to clear it for privacy (which it did).

6. IRB approval

Approval was obtained from the IRBs at Harvard University and the NBER.
