

Disclosure Statement

Benjamin M. Marx

The author declares that he has no relevant or material financial interests that relate to the research described in the paper “Is the Supply of Charitable Donations Fixed? Evidence from Deadly Tornadoes”. The research was supported by a \$40,000 grant from the Indiana University School of Philanthropy.

The authors did not seek IRB approval for the project. This project uses publicly available datasets in which the units of observation are ZIP Codes or charitable organizations.

The author holds no paid or unpaid positions with any relevant organizations. No other party had the right to review the paper prior to its circulation.
