

BARBARA BIASI

**EFFECTS OF COPYRIGHTS ON SCIENCE:
EVIDENCE FROM THE WWII BOOK REPUBLICATION PROGRAM**

AUTHOR DISCLOSURE STATEMENT

Barbara Biasi received funding to support this research from the Gregory Terrill Cox Fellowship and the John M. Olin Program in Law and Economics at Stanford Law.

We did not seek IRB approval because the project does not involve human subjects.

The author declares that she has no relevant or material financial interests that relate to the research described in this paper.
