Re: Disclosure Statement for the manuscript

“The Side Effects of Immunity: Malaria and African Slavery in the United States”

Dear Editor,

During the past three years, the author has received funding from the Sandoz family foundation, through the Monique de Meuron Programme for Academic Promotion. This foundation has, however, no financial, ideological, or political stake related to the article.

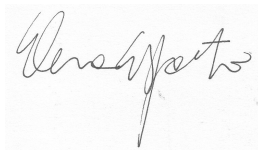

The author declares that she has no relevant or material financial interests that relate to the research described in this paper.

I confirm that I am the solo author of this article, which has not been published nor is under consideration for publication by another journal.

Thank you for your kind attention.

I look forward to hearing from you.

February 2nd 2021, Lausanne
