The services fees to use the confidential Statistics Netherlands' Centre for Policy Related Statistics household micro-data have been financed by the Shultz Fund for graduate student data research at the MIT Economics Department (\$9,600), the MIT Center for Real Estate CRE (\$5,280).

2. Financial support in the last 3 years:

I gratefully acknowledge financial research support from the Bradley Foundation, the MIT Citi Foundation and the Macro Financial Modeling (MFM) Group.
