Disclosure Statement for “Digital Information Provision and Behavior Change: Lessons from Six Experiments in East Africa”

Funding that supported one or more of the experiments in this paper was received from ATAI, 3ie, the Dioraphte Foundation, Unorthodox Philanthropy, 3ie, PxD and an anonymous donor. None of the funders had the right to request changes in the analysis. Project data was shared by IAF.

My post-doctoral fellowship was funded by PxD. During this period, I was also a consultant for the World Bank and the Inter-American Development Bank and the African Development Bank.
