

Disclosure Statement for:

*“The Long-Term Effects of Career Guidance in High School and Student
Financial Aid: Evidence from a Randomized Experiment”*

Laetitia Renée

--

I acknowledge the financial support of:

1. the Fonds du Recherche du Quebec, Bourses de doctorat en recherche (CA\$49,000),
2. the Canadian Research Data Centre Network and the Quebec Interuniversity Centre for Social Statistics (CA\$3,000).

I wrote a policy report for the Research Initiative, Education + Skills based on the research conducted for this paper. I received CA\$15,000 in the form of an award for writing the report. The Research Initiative, Education + Skills had, however, no say on the academic research paper. The report can be found here:

<https://tspace.library.utoronto.ca/bitstream/1807/123894/1/Report%20-%20RIES%20-%20College%20Gradient.pdf>.

I did not receive any significant financial support from other interested parties.

IRB approval was not required since I am using secondary data which are available from the Canadian Research Data Centre Network.
